CANYONEERING IN ESCALANTE, UTAH

Tuesday, September 20, 2005
Noon to 1pm in the 171-218 conference room

SPEAKER: Mirna Roach

DESCRIPTION: The area is as beautiful as it is remote. All the forces of nature have combined to carve deep Navajo and Wingate sandstone canyons. Although the Plateau is considered to be high desert, the canyon bottoms are lush and green. You won't find a more scenic, rugged, and scenic place to do a day hike or a week backpack and enjoy incredible sunsets during the evening. Come to this slide show and let me take to on a week backpack in Escalante, Utah.

NOTE: if you do not have a JPL badge and would like to attend this slide show, you need to contact Mina at (818) 393-1621 in advance to arrange for lab access!
